EXPERIENCE

Web Developer, Sticker.com
2021-Present

Designed and developed reusable components using HTML, CSS, and Javascript. Prototyped responsive user experience journeys. Wrote clear, efficient, maintainable code adhering to standard best practices.

Implementation Manager, ScribeAmerica
2018-2021

Communicated with physicians, IT, and other facility liaisons to coordinate services. Hired and trained employees to accurately document patient history, physical examination, and other relevant data as verbalized by the patient and provider. Managed multiple teams and projects.

RamVan Driver, Fordham University
2014-2017

Memorized 6 routes between the Bronx and Manhattan. Communicated and coordinated with dispatchers to pick the fastest route considering current time, traffic, weather, and events. Safely transported up to 14 passengers per trip.
